

NASA Alumni League Florida Chapter

Dear --FNAME--

September 19, 2017

As you know, each year at this time our "fall return" meeting ushers in changes in our Board of Directors and officers for the coming year. In accordance with our bylaws, a Nominations Committee presented its recommendations last spring, and today the NALFL Board elected five members to serve as the Class of 2020, replacing those who served as the Class of 2017. **The Board selected new officers to serve for the next two years as shown below.**

Meet the Incoming NALFL Team for 2017-2018

We thank those who have served so well over the past year, and we welcome and congratulate the newly elected Board and officers, as well as the support team that will carry us forward through the next year. **This is an all-star team!**

Today's meeting was special because we hosted our luncheon at the KSC Visitor Complex, and **our speaker was KSC Center Director Bob Cabana**. We were treated to an in-depth discussion of the operations, programs, and hardware under construction and in work for upcoming programs for commercial and government crewed flights resuming from KSC over the new year. **There's a lot going on, and all of it points to a great year ahead.**

It's an exciting time to be a part of the NASA activities here, and if you are a retired NASA employee and have not yet joined or renewed, please do so now. **To sign up, visit our website at: http://nalfl.com/?page_id=1820.**

This is my last communication as president of the Florida Chapter, and it has been my honor and pleasure to serve in this role for the past four years. **I offer my heartfelt thanks for your support**, and especially your generosity in fueling our scholarship and grants programs.

Keep up the good work! Good luck to the incoming team; and please call on me if I can assist in any way.

Sincerely,

Dr. Al Koller, Outgoing President
